for Sb Accounting & Consulting

”

We have worked with Sb Accounting & Consulting as our payroll provider and are glad to share our experience. Their e-file services have proven genuinely convenient for our team, streamlining the exchange of payroll documentation without adding administrative burden on our side.

We also maintain a payroll calendar that both parties follow closely, which keeps our monthly payroll cycle predictable and reliably on track. Through a rigorous sign-off process, we have kept our payroll accuracy consistently at an elevated level. We are utilizing additional services like their document generation tool which has helped save a lot of time and efforts for both sides and made the registration process effortless.

One additional area of partnership has made a tangible difference lately: the management of maternity and long-term leave cases. This process has been considerably tightened, with Sb Accounting & Consulting now owning it end-to-end and proactively flagging us whenever a deadline is at risk of being missed, which has meaningfully strengthened our compliance in this area.

Overall, we consider Sb Accounting & Consulting a reliable and detail-oriented payroll partner, and we would recommend them to other companies looking for a provider they can trust with sensitive payroll processes.
